

(IO)² Seminar Schedule, Summer 2021

Organizers: Ashley Swanson, Robert Clark, Vivek Bhattacharya, Fernando Luco

The Interactive Online IO seminar—aka (IO)²—will meet once per month during the Summer 2021. Seminars will take place on 6/22, 7/6, and 8/3, 3-4:15pm ET.

The lineup is below. The seminar is open to everyone except Zoombombers, so feel free to share and advertise with faculty, students, and any other interested parties.

To participate in the seminar, you will need to click on this [link](#). The password is “summerioio” without the quotation marks.

This Summer, IO² will continue to be a regular Zoom meeting. This will allow for better interaction between the speaker and the participants. For this reason, we will ask participants to leave their webcams on and to ask their questions during the presentation (though speakers may plan for specific question breaks).

We will use this page for any future seminar announcements or to address any technical issues, so bookmark and refresh this page.
